### **UN Global Compact: Membership**

Dear Mr Secretary-General

We are pleased to confirm that Dätwyler Cabling Solutions AG with its corresponding companies and 900 employees worldwide supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intention to advance those principles within our sphere of influence.

We are committed to making the Global Compact principles part of the strategy, culture and day-to-day operations of our companies. Dätwyler Cabling Solutions AG will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Yours sincerely

**Dätwyler Cabling Solutions**
